The WL High School Football Team will be hosting our Youth Football Camp this year on July 12th-14th. This camp is open to any student, boy or girl, who is interested. It is highly recommended for those playing JFL or who just have a desire to learn more about football.

This camp DOES NOT require any football equipment. The only thing we recommend is a pair of football cleats if they have them. There will be no hitting or full contact drills, but will focus on developing passing, catching, running, blocking skills, and positional footwork.

This is a great way to get kids involved and active this summer, and have fun while building not only football skills and fundamentals, but teamwork as well.

The deadline to register is June 1st.

Camp Fee: \$20 - Includes WL Football Camp T-Shirt
